This authority executed in the original and three copies this _____ day of _____, _____ by the Ottawa County District Commissioner, acting for and on behalf of Ottawa County, Witnessed:

That the County does by these presents, grant to:

Applicant: _____ Attention: _____

Mailing Address: _____

City: _____ State: _____ Zip Code: _____

Telephone: _____ E-mail: _____

A permit to erect, construct and maintain a _____ along, upon or across the hereinafter said for the purpose of transporting, selling, and using

_____ as shown on the attached and further described as follows:

LOCATION:

To _____ County Highway or Local Road _____

Approximately _____ miles of _____ and further described as: _____ feet _____ of the

Corner of Section _____ Township _____ Range _____

County _____ Size of Line _____ Size of Casing _____

The installation will be made in the following manner:

(Boring, pushing, overhead crossing, and other description)

All information requested on the form must be supplied. Drawings clearly illustrating work to be performed within the County maintained roadways, right-of-ways and all other utility facilities in the area of this permit should be provided with the permit application. A plan view will be sufficient, except where a crossing of this County maintained roadways are involved. Each roadway crossing must be represented by an actual profile and cross-section view, regardless of the type of facility being installed. The owner must self-certify that the facility is located in the corridor approved by the District County Commissioner or his representatives.

1. Work to be performed on County right-of-ways must have the prior approval of the District County Commissioner or his representatives. The start date and completion date must be provided. Final inspection by the District County Commissioner will take place at the completion of the project to determine compliance with the approved permit. Under no circumstances will any work be done on County right-of-ways until approval has been obtained. No work will be done on County right-of-ways on Saturdays, Sundays, or Holidays or after dark unless approved by the District County Commissioner. The District County Commissioner may require a pre-construction conference.
2. Public utilities or cable television systems shall completely repair or replace any damage, injury or other change to public roads or highways or right-of-ways of this state or any county or municipality which would inconvenience or endanger the public which are caused by the erection, placement, adjustment, construction or maintenance of any public utility or cable television system poles, wires, posts, conduits or other equipment. OK Statute Ann. Tit. 69, § 1401 (West)
3. One copy of the approved permit must be kept at the work site for inspection by the District County Commissioner or his representatives. Applicant is to have an inspector or engineer present at all times during construction to insure that installation is made in accordance with plans and specifications approved by the County. No deviation from the approved plans and specifications will be made without the approval of the District County Commissioner or his representatives.
